Dear: Hon. Judge John Kolttel

Your honor thus are familiar with my situation as well as my case I did 42 months on a 33 month sentence running concurrent with 30 months impose by thus Hon Court And the Hon Judge G. Carro.

On my birthday July 24, 2019 I had 39 months in his battle with Cancer that same day I turn 29. I remember telling you he was sick, I did not find out till I was released from USP Hazelton where I saw everything from Assaults to homicide.

Your honor the bop, Probation and other Agencies are not Desing to help us better ourselfs And by us I mean the ones that really want to change. See I try to explain to my probation officer that since my time was ran concurrent by law I AM only to report to only Federal Probation not both Parol and Probation because my Federal Sentence is Greater than the State And by running it concurrent it supersede the State. That only piss them both up so they had me reporting 2 times a week From Long Island to manhattan I Did not have the money to do so And was overwhelm.

When I ask my probation about seeing a psychologist because I felt depressed her answer was Are you getting high or are you high And refer me to Drug Counseling And that was not what I need it, your honor I ask for help and was ignore...

Your honor what I got lock up in New Jersey for was a mistake committed by the New Jersey State Police..

See the only thing I had on my posession was 27 Subaxone which I had a medical prescription for New York state. Subaxone is an Opioids Blocker meaning it helps take away the urge of using and help with the illness from using Opioids everything else was not mine. And when my chance come I will prove so in the court of law.

Your honor understand me I was force to do 42 months when this court only gave me 33 months and the things I went thru were not fun. January, 2019 I was stab twice in USP Cannon is all on record. On March 2019 I was assaulted by multiple C.O. while cuff up on the ticket the officers lie and say I assaulted them while my hands were cufft behind my back again is all on record. And now I been place in a cell for the last 3 weeks with no sink I cant drink water or wash my hands. I fear for my life and freedom.

All I ask is for this court to take into consideration the 9 months I did for nothing and everything I have been going thru your honor my family needs me and if I have to pay for my mistakes the bar. And the employes who have made mistakes that have affected me mentally physically I want them to pay just like me. See exhibit A thank you your honor

P.S. Your honor today is 3/3/20  
And I still dont have no sink  
in my cell 750th G10-774  
Please send me home and let  
me fix my Jersey cage I am not  
running I just want and need to be  
there for my family....

Sincerely yours
